## Elks State President J. W. Vann Honored at Homecoming

More than 300 Elks and ladies packed the Pahokee Elks Lodge on Saturday evening, March 11, to pay tribute to President James W. Vann of the Florida State Elks Association when he paid his Official Homecoming Visit. Included were 132 visitors at Pahokee representing 27 Florida Lodges and three lodges in other states.

The lodge and club rooms were decorated in a Polynesian motif. The focal point of the decorations was a garden created with palms, rocks, ferns and orchids back-lighted with concealed floodlights. Carrying out the color scheme, multi-colored footprints bearing the inscription, "Jimmy is here" circled the walls.

Supporting columns in the club room were made into palm trees by covering them with burlap and placing palm fronds at the top. Authenticity was given by a monkey climbing one of these man-made palms. Banners were displayed with "Welcome Jimmy and Sarah." A committee of the Ladies of the Pahokee Elks, under the chairmanship of Mrs. Billy Kistad, was in charge of decorations.

Upon arrival, those attending were greeted by members of the LOPES and were presented with a lei as a souvenir of the occasion.

A barbecue dinner, prepared by a committee of the lodge, under the co-chairmanship of past exalted ruler Perry Duke and trustee Melvin Spooner, was served.

Seated at the speaker's table were past Exalted Ruler, and Mrs. George H. Tucker, Jr.; Exalted Ruler and Mrs. Robert M. McIntosh; State Association Tiler and Mrs. Leon Spooner; Mrs. Spooner also is president of the Ladies of the Pahokee Elks; past president and Mrs. J. Alex Arnette of West Palm Beach and President and Mrs. Vann.

Mr. Tucker, who shares with Mr. Vann and Frank H. O'Connell the distinction of having served twice as Exalted Ruler of Pahokee Lodge 1638, served as master of cere-

monies and introduced the distinguished Elks present. Exalted Ruler McIntosh recognized the visiting delegates.

President Vann, in addressing the group expressed his appreciation to the Elks of the Pahokee Lodge for the opportunity they had given him to serve the Order of the Elks and the support which they had supplied him as he attempted to serve. He stressed the importance of the principal charity of the Grand Lodge, the Elks National Foundation and of the State Association, the Harry Anna Crippled Children's program.

He thanked the Elks of the association for the general manner in which they had supported these programs in the past, calling particular attention to the fact that the Pahokee Lodge had not failed to meet its quota to the crippled children's program in the last 20 years.

President Vann also pointed out that the number of current certificates in the Harry Anna Trust Fund, which had been sold through the Pahokee Lodge, was more than 400 per cent of the lodge's membership. He reminded those present, however, that with the expanding program of service being undertaken by the Association, it would be necessary to increase the budget of the crippled children's program sharply next year and called for increased support from all the lodges.

Following the address, Exalted Ruler Bob McIntosh, on behalf of the Pahokee Lodge, presented President Vann with an annual membership to the Belle Glade Country Club. In doing so, he recalled that the official visit to the East Central District, which he attended, Jimmy was presented with some golf equipment and that the Pahokee Lodge was providing the place where it could be used. He expressed the hope that with the end of the tour of official visits, Jimmy's schedule might ease off so that he would get some opportunity to use those gifts.

Following the dinner, music for dancing was provided by Jimmy Thomas and his orchestra.

## Thomas Collier Home Based At Mayport

(D0813) USS FRANKLIN D. ROOSEVELT (CVA42) (FHTNC) Mar. 1-Airman Apprentice Thomas D. Collier, USN, son of Mr. and Mrs. Paul E. Collier, Jr., of 141 S. Elm Avenue, Pahokee, has returned to Mayport, Florida, from combat duty off the coast of North Vietnam, aboard the attack aircraft carrier Franklin D. Roosevelt.

As a member of the FDR, he assisted in the launching of over 7,000 combat and combat support missions against North Vietnamese military combat targets.

The carrier, named for the 32nd President of the United States, traveled over 94,000 miles since leaving Mayport in June of 1966. That distance is equal to approximately four trips around the world, following the line of the equator.

During her development with the Seventh Fleet, the FDR also visited the ports of Rio de Janeiro, Brazil; Subic Bay, Philippines; Yokosuka, Japan; and the British Crown Colony of Hong Kong.

## Senator Thomas Advocates Cut In Agri. Taxes

State Senator Jerry Thomas, first Palm Beach County senator to serve as chairman of the senate agriculture and livestock committee, Monday warned the state's agricultural interests are facing a critical period and must be given relief from excessive ad valorem taxes.

Thomas, who spoke at the Belle Glade Rotary Club luncheon, was named chairman of the senate committee at his own request, and was able to get the appointment because of his seniority.

The state senator received the coveted certificate of appreciation from the Florida Agricultural Council because of his service to agriculture during the 1965 session of the legislature.

Thomas, a member of the special ad valorem tax committee, said that a more equitable tax climate must be developed so agriculture may continue to prosper and grow in the state.

"One of the most important problems confronting the farmer is the ad valorem tax," Thomas said. "As chairman of the Senate Agriculture Committee, I have conferred with Commissioner of Agriculture Connor about the problem."

"The State Assessment Act must be amended to remove those sections which are objectionable to urban legislators who have protested against farm classification for persons residing inside cities and have only one or two cows or a small patch of land."

The department of agriculture and the agricultural tax council have been working with the comptroller's office in developing a new tax assessors' guide, Thomas said. He said the guide will go a long way toward solving some of the assessment problems, but still is not the answer to the problem.

He said the bona fide farmer must be so classified, and he will have legal recourse through the county Commission and the courts if he is denied agriculture classification.

He explained agriculture is a four billion dollar a year business in Florida, with a gross return of over one billion dollars.

"Florida, through its legislature, must prevent taxes from becoming confiscatory," he said.

The state senator cautioned voters, who have become disenchanted with the national political picture, not to take their revenge out on state government officials who have served them well.

"If you are disappointed with the national political situation, then you should go to the polls and vote your disapproval of those responsible," he emphasized, "but don't give your friends a political spanking."

Thomas pointed to his record and told his audience that he is a constitutional conservative.

In dealing with reapportionment, the senator said the present confusion in Florida stemmed from the United States Supreme Court under Justice Earl Warren, and that the high court had invaded the legislative authority as well as the rights of the states.

The Palm Beach delegation has been thrown into other county delegations and this will make the job of serving even more difficult, he added.

## How to speak out for freedom today

Free men have never gone in much for silence. Even before the first thirteen States became United States, men were speaking for freedom loud and clear.

Today Americans speak out for freedom many ways—in Congress, in local government, in neighborhood activities. Some speak out for freedom in other languages, in other lands. And millions of Americans speak out for freedom every time they buy U.S. Savings Bonds.

Every Savings Bond you buy is an investment in freedom. While you're saving money for your

own family's future, you're helping Uncle Sam tend to the business of keeping men free today.

Perhaps you don't speak out for freedom in the same tone of voice when you buy a Bond as Patrick Henry did in his famous speech. But you speak every bit as surely. And every bit as proudly.

Why not speak out for freedom now? Buy Bonds at the bank or on the Payroll Savings Plan where you work.

Keep freedom in your future with

## Now— U. S. Savings Bonds Pay More Interest

### 4.15% when held to maturity

### Higher interest on the Bonds you already own, too!

U.S. Savings Bonds are a better way to save than ever

Because now all Series E and Series H Bonds bought after December 1, 1965, will earn the new, higher interest rate of 4.15% when held to maturity. That's only 7 years for Series E—9 months quicker than before. All H Bond interest checks will be larger beginning in June 1966.

And your outstanding Bonds will earn more, too, from now on. So, you don't have to cash in your present Bonds to get the attractive new rate.

Ask about buying Bonds where you work or bank. For America's future. And yours.

"Today, none of us can remain aloof on the sidelines."

"Today, above all, is a time for all Americans to rededicate themselves to the spirit that animated the Minutemen of Concord—who serve as a symbol of the Savings Bond program. For today, as at the founding of our nation, it is freedom which is again at stake. Not all of us are called upon to fight in the jungles of Vietnam, but while our men are there, in the front line of a distant land, none of us can remain aloof on the sidelines. We must all do our share—in every way we can—to support our men in Vietnam. One sure way is open to all Americans through the Savings Bond program."
